Operational Matters
Daniel Alfonso MARTINEZ Esteves

1. There is attached a copy of the results of a special inquiry conducted on the subject by KUSODA. It was also determined by KUSODA that the subject entered West Point as a Foreign Cadet on 1 July 1944 and resigned without prejudice on 19 January 1946. He gave as his reason for resigning the fact that it was difficult to adjust himself to Cadet routine and overcome the language barrier.

2. Other agency checks are pending, and the station will be advised when they are completed. The attached information is being transmitted with the usual KUSODA limitations on distribution applying in this instance.
